

# FORMULA 2T

Modern semi-synthetic engine oil for 2-stroke motorcycles

## Description

MOTOREX FORMULA 2T is a semi-synthetic two-stroke engine oil for motorcycles. It offers the engine good protection in all areas of use.

## Advantages

- Semi-synthetic
- Catalytic converter tested
- Minimal combustion residues
- Especially low smoke
- For pre-mix and separate lubrication
- Official JASO FC approval

## Field of application

MOTOREX FORMULA 2T has been especially developed for use in two-stroke motorcycle engines for which no fully synthetic oil has been specified by the manufacturers. This oil can be used for pre-mix and separate lubrication (mixing ratios in accordance with manufacturer's recommendation).

Always follow the manufacturer's specifications.
