

ACCU PROTECT SPRAY

Battery maintenance

Description

Protects battery terminal posts, pole terminals, connectors and starter connection cables. Prevents corrosion and oxidation.

Field of application

MOTOREX ACCU PROTECT SPRAY protects battery terminal posts, pole terminals, connectors, starter cables and connecting cables.

Application

Clean the battery terminal posts, connectors and terminals. Reattach dry terminals (tighten screws well). From a distance of around 10 cm, apply a thin protective layer to the terminal posts, terminals and connectors.

Advantages

- Corrosion protection
- Oxidation protection

Notes

Shake the can well before use until the mixing ball is moving freely.

Sizes

200ml
