

WIPE & CLEAN

WINTER

Ready to use winter mix window cleaner

Description

Ready to use winter mix window cleaner, based on a state-of-the-art formula with a wide array of highly effective cleaning components. These complement one another perfectly and guarantee excellent washing results as well as good material compatibility. The integrated antifreeze protects the system in temperatures as low as -22° Celsius and successfully stops the windows from icing up again. Biodegradable.

Advantages

- very good cleaning power
- no streaking
- very good material compatibility
- fresh lemon fragrance
- biodegrades quickly

Field of application

Ideal for use in the windscreen and headlight washing systems of all kinds of vehicles in winter. Tested on fan nozzles as well as headlight glass made from polycarbonate.

Notes

For temperatures of 10° Celsius and above, the mix should be diluted with water, to ensure optimum cleaning performance.

Technical data

Properties	Unit	Test according to	Values
Colour			blue
Density at 20 °C	g/cm ³	ASTM D4052	0.967
Flash point CCA-FLPH	°C	ASTM D6450	33
Vapour pressure at 20°	hPa		23
pH-value		DIN 51369	7.7
Ignition temperature	°C	DIN 51794	363
Lower explosion limit	Vol. %		3.5
Upper explosive limit	Vol. %		15.0

European waste code: 07 06 04 / Water hazard class: 1
